

EMAIL SECURITY
SUITE

Banking Case Study

A requirement to digitally sign and encrypt mails across all platforms and help protect against phishing and BEC attacks

African Export/Import Bank

African Export/Import Bank provides financing solutions and advisory services for the expansion, diversification, promotion and development of intra and extra African trade

Challenges

Protection against phishing and BEC attacks
Digital email identities needed
Remote user base
Disparate systems
Mobile support needed

Solution

Sixscape's Email Security Suite was deployed over a weekend to all 500 users across multiple platforms seamlessly

Results

Secure digitally signed and email for over 500 bank employees across all devices including mobile and desktop

Future innovation

Future requirement to expand to email encryption and secure private key escrow in addition to cross-platform mobile users and large file secure transfer
